CSPS Lifetime Achievement Award

Purpose: The CSPS Lifetime Achievement Award is established to honor pharmaceutical scientists who have demonstrated exceptional dedication and excellence throughout their careers, leaving a lasting impact on the field of pharmaceutical sciences.

Award: Recipients of the CSPS Lifetime Achievement Award will be celebrated with a special recognition ceremony held during a prominent CSPS event, which may include the CSPS Annual Symposium or a similar occasion. Detailed information about the award presentation and associated recognition will be communicated to the recipient in advance.

In 2024, the award will include complimentary registration for the recipient to attend the 2024 CSPS Annual Symposium, scheduled from June 10-13 in Edmonton, AB.

This prestigious award is designed to recognize pharmaceutical scientists who have made enduring and remarkable contributions to the field, representing a legacy of excellence.

Procedures for Nominating Eligible Candidates:
• Eligible candidates can be nominated by peers, colleagues, or members of the pharmaceutical science community
• Nominators should highlight the nominee's significant and enduring contributions to the field
• Nominations should include a comprehensive nomination package, featuring a detailed letter of nomination outlining the nominee's career achievements and contributions.

Please email this package to the CSPS Secretariat at cspss@intertaskconferences.com.

Deadline for submissions: March 4, 2024
